## **2. PUBLIC COMMENT**

Mark Emmerson, Carmichael Water District, presented information regarding license fees that are currently being charged by the drinking water program. There was a proposal that was accepted and passed by the State Water Resources Control Board (SWRCB) to restructure how drinking water fees are calculated. The fee is currently based upon connections. For a large number of agencies the fees went up. The SWRCB has been requested to provide data to ascertain where the fees are going, making them more accountable and efficient. He is interested in sending a Request for Public Records to the SWRCB to obtain data from their District Activity Reporting and Time (DART) keeping system. He requested RWA's support for the effort suggesting that if RWA submitted a Request for Public Records that it might carry more weight than a single person or agency. After discussion, it was suggested that a conversation with SWRCB may be more beneficial in requesting the documents informally before a Request for Public Records is sent.

### **3. CONSENT CALENDAR**

The minutes from the Executive Committee meeting held May 23, 2018.

Motion/Second/Carried (M/S/C) Mr. Greenwood moved, with a second by Ms. Tobin to approve the minutes from the May 23, 2018 Executive Committee meeting. The motion carried by the unanimous voice vote of all directors present.

### **4. AGREEMENT FOR HUMAN RESOURCES SERVICES**

John Woodling, Executive Director, said that a Request for Proposals for Professional Human Resources Services was mailed to eight firms on April 19, 2018. The due date for proposals was May 18, 2018. A single proposal was received from Regional Government Services Authority.

The selection committee included John Woodling, RWA Executive Director and Susan Sohal, Administrative Services Manager, Citrus Heights Water District.

The committee recommends that Regional Government Services Authority be retained to provide professional human resources services, with a provision that requires the Executive Committee to approve the contract renewal annually. Consultant services will be defined in one or more task orders. The first year contract is not expected to exceed \$40,000 which was approved in the budget. The entire Consultant contract should not exceed the Executive Committee's authority of \$150,000 for approval of contract. The Consultant will begin July 1, 2018.

Updating the RWA's employee handbook to comply with current state and federal laws will be the first order of business for the Consultant. The Consultant will provide support for the Executive Director's evaluation process facilitating compensation discussions and compensation studies for the Executive Director; support RWA staff and Board in recruitment, hiring, and onboarding of new staff; evaluate organizational needs and make succession planning recommendations; assist in updating the employee compensation policy; assist in consideration of alternatives for merit based bonus program(s) and evaluate alternatives for employee and retiree health benefits and/or retiree health benefit vesting schedule to reduce long-term costs. The Consultant will provide on-call support on human resources questions and other projects and tasks as necessary and mutually agreed upon, under the direction of the Executive Director or Finance and Administrative Services Manager.

M/S/C Ms. Tobin moved, with a second by Mr. Dugan, to approve the Master Service Agreement for Human Resources Services with Regional Government Services Authority for a not-to-exceed amount of \$40,000 for FY 2019, with a provision that staff brings the contract back annually for approval. The motion carried by the unanimous voice vote of all directors present.

## 5. OTHER POST-EMPLOYMENT BENEFITS (OPEB) FUNDING POLICY

John Woodling said that with the impending adoption of Governmental Accounting Standards Board Statement No. 75, Accounting and Financial Reporting for Post-Employment Benefits Other Than Pensions (“GASB 75”), RWA’s Other Post Employment Benefit (OPEB) funding policy needed changing to reflect alignment. He indicated that the modifications did reflect the funding practices RWA had previously adopted.

Nicole Krotoski, CPA, said that terminology changes occurred because the OPEB standards have changed, such as the actuarially determined contribution (ADC) replacing the term actuarially required contribution (ARC). RWA had previously made the policy decision to fund this OPEB liability. Ms. Krotoski highlighted some of the other changes to the policy. The amortization of the unfunded liability was changed from an open 10 year amortization, to a closed 10 year amortization. A closed 10 year period amortizes the unfunded liability over a finite period whereas as the open 10 year period was continually re-set at 10 years every time a new valuation was conducted. Another change now includes the implicit and explicit subsidy liability that had been implemented in the prior valuation. The policy does give RWA some flexibility in funding the implicit subsidy if the expected value of assets exceeds the expected costs of future benefits that includes future employee service. Lastly, the policy outlines that RWA may modify the discount rate to provide for a margin for adverse deviation.

Mr. Woodling explained the difference between the implicit and explicit liability subsidy. The explicit subsidy is the actual health premiums required for retirees. The implicit subsidy results when health care premiums for retirees don’t necessarily cover the expected costs of the retirees’ health care use. This subsidy occurs when premiums are blended rates across all age groups of both active and retired employees, such as with the CalPERS Health Plans. If the CalPERS medical program continues indefinitely in its current form (i.e. blended premium rates for active employees and pre-Medicare retirees) and RWA continues to participate in this program, RWA could expect that the implicit liability will result in zero future cash outlay since the additional costs for retirees each year is covered by an equal and offsetting amount of higher total premium cost for active employees than would have incurred if the actives were insured separately. With the actuaries’ guidance, RWA will monitor the future implicit and explicit liability to watch for an overfunded status.

It was noted in the last sentence of the second paragraph in the final policy 500.10 the word allocated should be changed to allocate.

M/S/C Mr. Schubert moved, with a second by Ms. Sedwick, to recommend RWA Board approval of Changes to Policy 500.10 Other Post-Employment Benefits (OPEB) Funding Policy with the noted change. The motion carried by the unanimous voice vote of all directors present.

## **6. RWA JULY 2017 OTHER POST-EMPLOYMENT BENEFITS (OPEB) AND ACTUARIAL REPORT ON RETIREE BENEFITS**

John Woodling explained that MacLeod Watts (formerly Bickmore) has provided a draft biennial actuarial valuation of the Regional Water Authority's Other Post Employment Benefit (OPEB) obligation in compliance with California Employers' Retiree Benefit Trust (CERBT) Fund. This report calculates the actuarial determined contribution ("ADC") for the fiscal years ending June 30, 2019 and 2020. The ADC is similar to the annual required contribution ("ARC") from previous reports. The ADC determines annual funding levels based upon a set of assumptions.

The July 1, 2017 draft report used a 7.0% discount rate to determine liabilities which is similar to the rate used for the July 1, 2015 actuarial report. RWA has invested its assets in the California Employers' Retiree Benefit Trust (CERBT) Asset Allocation Strategy 1 which is considered the most aggressive investment strategy. The official CERBT expected discount rate for Strategy 1 is 7.28%. RWA chose a lower discount rate to determine liabilities so as to incorporate a margin for adverse deviations from projected assumptions. RWA did consider a 6.75% discount rate. MacLeod has indicated that if RWA were to continue to use a 7.0% discount rate for both the implicit and explicit liability, it is roughly equivalent to a 5.75% discount rate to value the explicit liability only. If CalPERS maintains its current methodology of allocating health premiums across all participants without consideration to age, then RWA likely won't use its implicit portion of the trust fund. Based upon the discount rate equivalency, RWA can consider maintaining the 7.0% discount rate. With the actuaries' guidance, RWA will monitor the future implicit and explicit liability to watch for an overfunded status.

In determining OPEB liabilities, another assumption to consider is the likelihood of funding the actuarial determined contribution. RWA has a policy to fund the OPEB liability and has historically made the annual contributions as calculated by the actuary, subject to annual approval in the budget. The valuation report reflects a cash ADC for FY19 of approximately \$58,400 which is within the approved budget of \$83,200. The \$58,400 will fund both the implicit and explicit subsidy.

Mr. Woodling also mentioned that MacLeod is also working on an additional report for compliance with the Governmental Accounting Standards Board Statement No. 75 (GASB 75), Accounting and Financial Reporting for Postemployment Benefits Other than Pensions. RWA needs this additional GASB 75 report to estimate the OPEB accounting liability for financial statement reporting for the year ending June 30, 2018.

M/S/C Ms. Sedwick moved, with a second by Mr. Schubert, to recommend RWA Full Board Approval using the 7.0% discount rate for the RWA July 2017 OPEB and Actuarial Report on GASB 75 retiree benefits. Continue using the CERBT, investing in Strategy 1. Continue funding the actuarial determined contribution and to recommend RWA Full Board Approval of RWA July 2017 Other Post-Employment Benefits (OPEB) and Actuarial Report on Retiree Benefits. The motion carried by the unanimous voice vote of all directors present.

## **7. SUBCOMMITTEE UPDATES**

Robert Dugan, Membership Subcommittee Chair, reported that the subcommittee has a second meeting scheduled for July 9, 2018 to finalize their list of agencies to approach for recruitment for RWA membership. The next step will be to match up RWA members with contacts for potential agencies. The Membership Subcommittee includes Mr. Yasutake, Mr. York and Ms. Tobin.

Kerry Schmitz, Conference Subcommittee Chair, said that information received from the survey that was sent out has been taken into consideration when determining future event topics. The next events will focus on Water Efficiency Standards and a Delta Update. The Subcommittee will be meeting to determine logistics of the next event, including the audience and speakers for each topic. Ms. Schmitz plans to meet with Amy Talbot on the Water Efficiency Standards topic.

## **8. INTEGRATED REGIONAL WATER MANAGEMENT PLAN UPDATE**

Rob Swartz, Manager of Technical Services, gave an update on the American River Basin Integrated Regional Water Management (IRWM) Plan saying that it is nearing completion. The comment period closed on May 25, 2018 and staff continues to address final comments. Stantec will finalize pdf forms of each of the sections that will be uploaded to the RWA website by July 3<sup>rd</sup> in advance of the July 12<sup>th</sup> RWA Board meeting packet. An overview document will be included in the RWA Board packet for review prior to the meeting. Staff will provide a brief update on the process to adopt the IRWM Plan at the July 12, 2018 RWA Board meeting. Staff will also provide an overview on the requirement to incorporate Storm Water Resource Plans into the IRWM Plan. When the resolution is adopted, it will include the update for the 2018 IRWMP and incorporate the American River Basin Storm Water Resource Plan and the El Dorado County – West Slope Storm Water Resource Plan. The Storm Water Resource Plans will be posted on the RWA website when available. After adoption of the resolution, staff will submit the updated IRWM Plan to the state for their review. The updated schedule for the Prop 1 Implementation Grants appears to be later in the fall. We should be in position for full compliance and funding. There is also funding available for Storm Water Projects in Prop 1. The action to adopt the resolution will go before the full RWA Board as they have been approved as the Regional Water Management Group by DWR.

## **9. RWA JULY 12, 2018 BOARD MEETING**

Chair Yasutake said that he will be unable to attend the July 12<sup>th</sup> RWA Board meeting. Vice Chair Shubert will chair the meeting in his absence.

After discussion it was suggested to move agenda item 7, LEGISLATIVE UPDATE, to item 8 and agenda item 8, ARB IRWM PLAN, to item 7.

M/S/C Mr. Schubert moved, with a second by Mr. Peifer, to approve the Agenda for the July 12, 2018 meeting of the RWA Board of Directors with the suggestion noted above. The motion carried by the unanimous voice vote of all directors present.

## **10. EXECUTIVE DIRECTOR'S REPORT**

John Woodling gave an oral report on legislative issues. The attempt to get the water tax passed through a trailer bill failed and it doesn't seem to be making progress. The goal of AB 2649 is to make it easier for agencies to take surface water to recharge groundwater. Mr. Woodling is chair of the ACWA Groundwater committee. AWCA has a board level policy position that groundwater recharge should be a beneficial use of water. The bill is trying to streamline the permitting process for recharge projects during times of high stream flows and extend the time period for agencies that do put water in the ground to take it back out of storage. Ryan Bezerra, legal counsel, said that the State Board is trying to streamline the permitting process authoring new legislative text that was amended into the bill. It now appears to be essentially a brand new bill written by State Board that will require many amendments. The Senate Natural Resource and Water Committee directed their staff to review the bill over the summer recess.

There was discussion on SB 998, the discontinuation of residential water service: urban and community water systems. For agencies that have a shut off policy, this bill will be a law without much effect. The City of Sacramento has a shut off policy and their issue is the cost of reconnection. The legislation does not allow for the full recovery of the reconnection costs.

## **11. DIRECTORS' COMMENTS**

Ms. Sedwick said that Del Paso Manor Water District Board passed a 33% rate increase, approved a budget and a resolution to refinance bonds. She said that the success of passing the rate increase was due to extensive outreach.

Mr. York reported that Sacramento Suburban Water District Board appointed Kathleen McPherson as new Director for Division 2. When approved Ms. McPherson will also be an alternate representative on the SGA.

Ms. Schmitz said that the Sacramento County Water Agency Board has kicked off the Prop 218 process for their next rate increase.

Mr. Dugan reported that for many reasons a resolution has been passed dissolving the JPA for the Auburn Dam Project effective July 2, 2018. As of Monday, he will be the Vice President of Advocacy and Public Affairs for the Associated General Contractors of California overseeing their advocacy campaigns, public policy, and labor relations activities.
