BE WATER SMART

Program Updates

- Water Loss Regulation
- Landscape Regulation
- Landscape Budget Training
- CalWEP Update
- WEP Invoices/2019 Year in Review
- SMUD Clothes Washer Rebate Program
- Public Outreach Trainings/Workshops
- Rachio Rebate Program

ROA
Regional Water Authority
SUSTAINABLE. EFFICIENT. GROWING.

The Regional Water Efficiency Program 2019 YEAR IN REVIEW

The Regional Water Authority's Regional Water Efficiency Program (RWEP) includes 19 water providers serving 2 million people who work in partnership to promote water efficiency in the Sacramento region. Since 2001, the program has provided a forum for participants to:

- Engage in a regional strategy to preserve local water resources
- Network and share best practices
- Leverage dollars with other regional utilities and partners
- Build economies of scale for attracting grants
- Maximize advertising dollars for broad and consistent customer outreach
- Provide a regional school education program

In 2019, the RWEP continued these activities and more. The program fostered rebate programs and partnerships with local and state agencies; trained landscape professionals in sustainable practices; increased paid advertising online, on radio, in print, and in movie theaters; promoted water efficiency through the news media, influencers, and regional outreach; created snappy new videos and tools; gave away free moisture meters; and conducted new research to evaluate results.

ATTRACTING GRANT FUNDING

The RWEP allows members to leverage their investments in water efficiency and take advantage of grant funding available now and in coming years. Since 2003, the program has secured nearly \$12 million from highly competitive grant programs, including more than \$6 million in grants in just the past three years. Through grant funding, water providers have been able to help disadvantaged communities install high-efficiency fixtures, enhance the efficiency of irrigation systems, and provide rebate programs for toilets, clothes washers, and irrigation equipment upgrades.

Grant	Projects	Funds Received	Begin Date	End Date	Local Cost Share
Proposition 84 Integrated Regional Water Management (IRWAM) Grant	Public Outreach, Capital Radio Garden, and Irrigation Efficiency	\$1,000,000	1/17/2014	6/30/2020	Yes
Proposition 84 2015 IRWAM Grant	Public Outreach, Leak Detection & Repair, Advanced Customer Information Systems, and Direct Install of SMART Irrigation Controllers	\$8,200,000	8/24/2016	6/30/2021	Yes
Regional San/RWA Annual Water Conservation Program	Rebates for Toilets, Clothes Washers, and Pre-Rinse Spray Valves	\$350,000	6/1/2019	5/1/2020	Yes
2018 CALFED Grant	Sacramento Regional 2018-2020 Residential Water Meter Installation Project	\$750,000	9/21/2018	3/31/2020	Yes
