

RWA Federal Legislative Tracker - INTERNAL USE ONLY

Last Updated: October 16, 2020

RWA Federal Legislative Tracker - INTERNAL USE ONLY

FOR INTERNAL RWA FEDERAL AFFAIRS COMMITTEE USE ONLY

This legislative tracker augments the public RWA Federal Legislative Tracker with notes and actions for FAC members reference. It is not meant to be shared publicly.

The following legislative tracker provides the status of legislation introduced in the 116th Congress of interest to the RWA. Each of the bill numbers is hyperlinked to the bill text, FiscalNote (FN) Outlook information and other related details.

The FN Outlook on the right side of each bill provides the legislation's pre-Floor (left) and Floor (right) likelihood of passing. The percentages shown are the status of the bill in the Chamber where it is currently under consideration (this is shown under 'Status'). The pre-Floor score is defined as the bill's likelihood of passing after it has been introduced but while it is being considered in that chamber's committees - before it has moved to the Floor for a vote.

The RWA Federal Legislative Tracker is presented in coordination with the RWA Federal Affairs Committee, The Ferguson Group, and ENS Resources.

Title
Water Quality Protection and Job Creation Act of 2019

Primary Sponsors
Peter DeFazio

Bill Summary: Last edited by TFG Reports at May 12, 2020, 3:47 PM
The bill would renew the Federal commitment to addressing local water quality challenges by providing an infusion of Federal assistance for the construction, repair, and replacement of the Nation's network of wastewater and stormwater conveyance and treatment facilities. The Water Quality Protection and Job Creation Act of 2019 will address America's crumbling wastewater infrastructure and local water quality challenges. This bill authorizes \$23.5 billion to improve wastewater infrastructure. This bill also will provide funds for agencies to meet Clean Water Act standards by constructing stormwater systems. The funding provided in the bill will be used in direct infrastructure investment over the next five years. Funds will be given to projects that address America's crumbling wastewater infrastructure and improve local water quality challenges. The Water Quality Protection and Job Creation Act also increase the amount of federal assistance made available to states and communities through the Clean Water State Revolving Fund program.

Bill Summary: Last edited by TFG Reports at May 14, 2020, 3:01 PM
The bill would help state and local governments recover from the economic impacts of the COVID-19 pandemic, bolster coronavirus testing and tracing, and support frontline workers and health care providers.

Introduction Date: 2020-05-12

Organizational Notes

Last edited by Kristi More at Oct 16, 2020, 9:38 PM
#RWA On October 1, the House passed the HEROES 2.0 package by a vote of 214 – 207. The bill included \$2.2 trillion in additional coronavirus relief and aide, with a total of \$417 billion for state and local agencies.

Last edited by Kristi More at Aug 11, 2020, 3:41 AM
#RWA The bill includes relief related to the coronavirus pandemic and:
• Provides \$1.5 billion for water/wastewater ratepayer assistance
• Provides \$900 billion to state and local governmental revenue losses
• Expands small business assistance
• Increases support of Federal Reserve Municipal Facility
• Provides essential worker bonuses and retention credits
• Mandates application of Buy American Mandates to manufactured products (expanded from iron and steel only)

Title

Securing Access for the central Valley and Enhancing (SAVE) Water Resources Act

Primary Sponsors

Josh Harder

Bill Summary: Last edited by TFG Reports at May 12, 2020, 3:45 PM

This is the companion bill to H.R. 116, the Water Recycling Investment and Improvement Act. The bill provides a broad approach to addressing water issues facing the Central Valley by increasing storage opportunities, spurring innovation, and making investments in our aging infrastructure. The bill also leverages federal resources to identify prime locations for groundwater storage and recharge in California and across the Western United States. This bill requires the Bureau of Reclamation to expedite feasibility studies for four specific storage projects in the Central Valley, including: Sites Reservoir, Del Puerto Canyon Reservoir, Los Vaqueros and San Luis Reservoirs and provides \$100 million in storage funding. The bill also invests in water reuse and recycling by increasing funding for WaterSMART programs from \$50 million to \$500 million and extending the program's authorization. It also establishes a water infrastructure and drought resolutions fund to provide \$300 million for water surface and groundwater storage, reclamation and reuse, and WaterSMART program projects. The bill would create a innovating financing program which would provide low-interest federal loans to fund local water infrastructure projects, and would reauthorize the Rural Water Supply Act.

Introduction Date: 2019-05-02

Organizational Notes

Last edited by Kristi More at Jul 6, 2020, 9:27 PM

#TFGWater The groundwater recharge provisions of the bill were included in the Moving Forward Act, H.R. 2. The other provisions of the bill, including the authorizations for a water infrastructure fund and a financing program through Reclamation (RIFIA) were not included.

Last edited by Kristi More at Jul 6, 2020, 9:27 PM

US	HR 1162	Subcommittee On Water Oceans And Wildlife Discharged 2020 03 11	In House

Title
Water Recycling Investment and Improvement Act

Primary Sponsors
Grace Napolitano

Bill Summary: Last edited by TFG Reports at May 12, 2020, 3:46 PM
The bill aims to assist water agencies with the expansion, planning, design, and building of water recycling plants and modernizing water infrastructure in California and other western states. Specifically, the bill would increase funding authorization for the Bureau of Reclamation's Title XVI water recycling competitive grant program to \$500 million from \$50 million. It would also make the program permanent as it currently expires in 2021, and funds water recycling and reuse projects for 17 western states.

Title
Water Supply Infrastructure Rehabilitation and Utilization Act

Primary Sponsors
Martha McSally

Bill Summary: Last edited by TFG Reports at May 12, 2020, 3:47 PM
This bill would amend the Omnibus Public Land Management Act of 2009 to establish an Aging Infrastructure Account. Specifically, this bill could provide Congress with the unfunded need for these improvements in a timely manner through a streamlined process, allowing Congress to provide Reclamation these additional funds "upfront" to initiate extraordinary maintenance projects on federal facilities, with extended repayment for the non-federal operating entities through a clearly defined application and review process already in law. The bill would also raise the Reclamation Safety of Dams program authorization by \$550 million and create a Flood Control Manual and Reservoirs Operations Pilot Program, which would give operators of Reclamation reservoirs more flexibility to temporarily store water in dedicated flood control space during certain low-risk times of the year.

Introduction Date: 2019-06-27

State	Bill Number	Last Action	Status
US	S 1932	Committee On Energy And Natural Resources Senate Subcommittee On Water And Power Hearings Held 2019 07 18	In Senate

Title
Drought Resiliency and Water Supply Infrastructure Act

Primary Sponsors
Cory Gardner

Bill Summary: Last edited by TFG Reports at Jan 16, 2020, 10:27 PM
This bill would support water infrastructure in the nation's Reclamation states, as well as extend federal funding an additional five years, including \$670 million in surface and groundwater storage projects; \$100 million for water recycling projects; and \$60 million for desalination projects. The bill would also establish a new loan program for water agencies designed to spur investment in new water supply projects. Key provisions include but are not limited to expanding and updating the Bureau of Reclamation funding authorizations in the Water Infrastructure Improvements for the Nation Act (WIIN) to fund portions of federal (50%) and non-federal (25%) surface and groundwater storage and conveyance facilities, as well as cost share (25%) additional water reuse and recycling and desalination projects; and creating a new loan program at 30-year Treasury rates for water supply projects under what would be established under the Reclamation Infrastructure Financing and Innovation Act (RIFIA). These loans would use criteria (49% maximum loan) modeled after the well-established Water Infrastructure Financing Innovation Act (WIFIA) program at the Environmental Protection Agency (EPA). The legislation would also authorize \$140 million for restoration and environmental compliance projects, including forest, meadow and watershed restoration projects with water benefits and projects to help restore threatened and endangered species affected by Reclamation water projects.

Title
Water Conservation Rebate Tax Parity Act

Primary Sponsors
Jared Huffman

Bill Summary: Last edited by TFG Reports at Jan 16, 2020, 10:36 PM
The bill clarifies that homeowners do not need to pay income tax when they receive rebates from water utilities for water conservation and water runoff management improvements that they have made. It clarifies that these rebates, which are growing in number and size across the nation, are not taxable income, but rather an effort to defray upfront consumer costs for a public benefit. It also would encourage residents to reduce water usage by installing "gray water" capture systems or purchasing new water-efficient appliances and plumbing fixtures can provide significant water yield benefits, protecting public health, the environment, and local economies. These rebates provide a net benefit to the public and utilities. This would ensure that the IRS treats water conservation rebates in the same manner as the Agency treats energy conservation rebates, including insulation, Energy Star-certified windows and doors, and energy efficient appliances, which are not taxable.

Title
Drinking Water Infrastructure for Job Creation Act

Primary Sponsors
Maxine Waters

Bill Summary: Last edited by TFG Reports at May 12, 2020, 3:50 PM
This bill would make supplemental appropriations for FY 2019 for the Drinking Water State Revolving Funds, and for other purposes. The Drinking Water Infrastructure for Job Creation Act will provide emergency supplemental appropriations of \$7.5 billion over the next six years. These funds will be used for job creation and to address the nation's drinking water infrastructure. The funds provided from this bill will be appropriated to the Drinking Water State Revolving Funds and will assist public water systems finance infrastructure projects. The funding provided by this bill is designated as an emergency requirement pursuant to the Balanced Budget and Emergency Deficit Control Act of 1985. The emergency funding is exempt from discretionary spending limits and is only available if the President subsequently designates the amounts as an emergency and submits the designation to Congress. The bill also exempts the funding from sequestration. (Sequestration is a process of automatic, usually across-the-board spending reductions under which budgetary resources are permanently cancelled to enforce specific budget policy goals.)
